PROFESSIONAL SUMMARY

Full-Stack Software Developer with hands-on experience in Java, Spring Boot, C#, ASP.NET MVC, and ASP.NET Web API, along with frontend development using Angular and database integration using SQL Server, MySQL, and MongoDB. Skilled in designing scalable applications using microservices architecture, building secure and optimized RESTful APIs, and delivering structured solutions under Agile Scrum and Waterfall SDLC methodologies. Strong foundation in Data Structures and Algorithms, Object-Oriented Programming, and Linux/OS internals, with practical experience developing industry-level projects spanning networking, cryptography, and system utilities.

TECHNICAL SKILLS

Programming Languages: Java, C#, C, C++, TypeScript

Frameworks & Technologies: Spring Boot, Spring Framework, ASP.NET MVC, ASP.NET Web API, Entity Framework, RESTful APIs, Hibernate/JPA, Microservices

Frontend Technologies: Angular, HTML5, CSS3, JavaScript

Databases: MySQL, Oracle (PL/SQL), Microsoft SQL Server, MongoDB

Tools & IDEs: IntelliJ IDEA, Visual Studio Code, Visual Studio, WebStorm

Application Servers: Apache Tomcat, Oracle WebLogic

Version Control: Git (GitHub)

Operating Systems: Linux (Ubuntu), UNIX, Windows

Testing & Debugging: Unit Testing (JUnit), Debugging, Log Analysis, Code Review Practices, Secure Coding Standards

Development Methodologies: Agile Scrum, SDLC (Software Development Life Cycle)

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming, Operating System Internals, System Programming

Soft Skills & Practices: Problem Solving & Analytical Thinking, Learning Agility, Communication & Team Collaboration, Ownership & Accountability, Code Review & Unit Testing

WORK EXPERIENCE

Full-Stack Developer Intern — Prismplus Technosoft LLP, Pune, Maharashtra

Duration: 1 Year

Domain: Web Application Development, Full-Stack Development, Database Management & API Integration

- Developed and maintained scalable backend services using ASP.NET MVC and Web API.
- Designed and optimized SQL stored procedures and queries to improve performance efficiency.
- Integrated Angular-based frontend modules with backend services.
- Implemented role-based authentication and secure database operations.
- Participated in peer code reviews and wrote unit test cases to ensure code quality, reliability, and adherence to secure coding standards.

TECHNICAL PROJECTS

EduTrack - Classroom & Student Management Portal

Technology: Java, Spring Boot, MongoDB, REST APIs

GitHub: https://github.com/PrathameshGavandi/Industrial_Protects/tree/main/EduTrack

- Developed backend services for managing student records and batch operations.
- Implemented RESTful CRUD APIs with NoSQL database integration.
- Designed modular architecture for scalability and maintainability.

EaseElite - Travel Assistance & Package Transport Platform

Technology: C#, ASP.NET MVC, Web API, SQL Server, Angular, HTML, CSS, Bootstrap

GitHub: https://github.com/PrathameshGavandi/Industrial_Protects/tree/main/EaseElite

- Developed a role-based web application connecting travelers with companions for journey guidance, and carriers with package senders for package delivery.

- Built secure backend services using ASP.NET MVC and Web API with SQL Server for efficient data management.
- Implemented KYC verification, secure payments, real-time updates, and a feedback system.
- Designed a responsive frontend using Angular, HTML, CSS, and Bootstrap for a smooth user experience.

Bagify - Full-Stack E-Commerce Web Application

Technology: C#, ASP.NET, SQL Server, HTML, CSS, Bootstrap

GitHub: https://github.com/PrathameshGavandi/Industrial_Projects/tree/main/Bagify

- Developed a web-based e-commerce application for browsing and purchasing bags online.
- Implemented product listing, user registration, login authentication, and cart functionality.
- Designed database integration using SQL Server for managing products and user data.
- Built a responsive UI using HTML, CSS, and Bootstrap for improved user experience.

Customised Virtual File System (CVFS)

Technology: C Programming, OS Internals

GitHub: https://github.com/PrathameshGavandi/Industrial_Projects/tree/main/Customised_Virtual_File_System

- Simulated Linux-like file system operations using custom shell commands.
- Implemented system calls including open, read, write, lseek, and delete.
- Used custom data structures to manage Inodes, File Tables, and Memory Allocation logic.

File Packer & Unpacker with Encryption

Technology: Java, Encryption

GitHub: https://github.com/PrathameshGavandi/Industrial_Projects/tree/main/PackerUnpacker

- Developed a secure file archiving system with encryption and metadata preservation.
- Designed a GUI using Swing for user-friendly interaction.

Generalised Data Structures Library

Technology: C++

GitHub: https://github.com/PrathameshGavandi/Industrial_Projects/tree/main/Data_Structure_Library

- Developed a reusable library of linear and non-linear data structures.
- Implemented stacks, queues, linked lists, BST, searching, and sorting algorithms.
- Designed using templates for data type independence.

Study Tracker App

Technology: Java

GitHub: https://github.com/PrathameshGavandi/Industrial_Projects/tree/main/Study_Tracker

- Developed a console-based study activity tracker with CSV export functionality.

CERTIFICATIONS

- SQL and Relational Databases 101 (DB0101EN) — IBM / Cognitive Class, July 2024
- Getting Started with MySQL Command Line (GPXX01RYEN) — IBM / Cognitive Class, July 2024
- Fundamentals of JavaScript through Rock-Paper-Scissors (GPXX03HFEN) — IBM / Cognitive Class, July 2024

EDUCATION

Master of Science (M.Sc) - Computer Science

Willingdon College, Sangli | Shivaji University, Kolhapur | CGPA: 7.75

Year of Passing: 2026

Bachelor of Science (B.Sc) - Computer Science

Willingdon College, Sangli | Shivaji University, Kolhapur | CGPA: 7.44

Year of Passing: 2024

Higher Secondary Certificate (HSC)

Maharashtra State Board | Percentage: 82%

Year of Passing: 2021

Secondary School Certificate (SSC)

Maharashtra State Board | Percentage: 71%

Year of Passing: 2019
